Creativity on show

We had some wonderfully creative entries in our SRC's Australian-themed art competition.

Congratulations to the following students, who were judged winners: Ivy Nagle, Toby Smith, Ellie Jones and Samantha and Evie Barton.

Their artworks are now on display in the office foyer. It was a tough decision for judges Sophie and Beau (SRC Councillors for Culture), Mr McDonald and Mrs Holcombe, with many entries to choose from.

Well done to all the students who entered. For today and tomorrow only, our library has become an art gallery showcasing the other entries. This is to allow all students an opportunity to view these artworks during their lunch break before they are returned home and hopefully kept as possible entries in this year's Tamworth Show.

Please keep an eye out in the Newslink for details about our Term 3 art competition.

School pride

Leanne Kemp, Relieving Principal

School pride makes the average student want to come to school. It makes the school feel less like school and more of a fun place to be.

It's not only the special events like the excursions or performances that allow students to have positive experiences at school but it's also the engaging activities and lessons in the classroom that makes our school an exciting place to learn.

School pride is reflected in our behaviour, in our daily work, in how we wear our uniform and it's even what we do outside the school as well.

Throughout the week I visit every classroom and I am able to witness the students being eager to learn, engaged in the activities and demonstrating positive behaviour. The learning dispositions that are continually referred to throughout the day assist each student to demonstrate their engagement and deep understanding. Development of these dispositions is fundamental for students to obtain an awareness of the way they learn and establish future-focused attitudes to learning, so they are to be able to become lifelong learners.

The wearing of a uniform is acknowledgement of the pride we demonstrate in our wonderful school. The P&C have a well-stocked clothing pool. I know they are waiting on

a delivery of ties, which Renae will get home as soon as they arrive. I encourage everyone to wear their ties to school every day, but particularly next week when we are representing the school at the eisteddfod. If you do not have a tie for this event please contact your child's teacher and they will attempt to borrow a tie for your child to wear while participating in the choral speech event.

Mrs Nadine Blanch returned from the Zone Cross Country carnival last Thursday bursting with pride for the way the students represented our school. She commented on the way each child participated in a sportsman like manner and how they demonstrated our motto "We Care". Please see her report in this edition of the Newslink.

Yesterday a number of Stage 3 students participated in a statewide debating competition. This was only the second debate the teams had taken part in and they were not only confident, but also well prepared. Thank you to Miss Amy Davidson for assisting the students.

There are many examples of pride that we have here at Nemingha. Many of these are the reasons we have so many people wanting to attend our wonderful school.

Brave and determined mathematicians

4F have been using our learning dispositions during mathematics as we have been brave and determined while challenging ourselves.

We have been using hands-on activities while learning about 3D shapes and their characteristics. Students explored the different ways we could make our own 3D shapes using objects such as sticks and blutac, blocks and nets.

We used our determination to push through when our ideas did not work and used our problem-solving skills and creativity to change our design or make a different 3D shape. Some of the 3D shapes we made were cubes, rectangular prisms, cones, square based pyramids and pentagonal prisms.

In sport we have been displaying our positive sportsmanship when learning the skills involved to play baseball such as running, hitting and catching.

Some of our champion runners went to compete in the Zone Cross Country and we are proud of their effort and determination. Congratulations to Lillian

Stass, Cooper Thomas, Adam Cooper, Isaac Ryan and Anna Pittman for doing their best at the Zone Cross Country. 4F have been busy practising our poetry with Year 3, preparing to go to the eisteddfod next week. Wish us luck! We have also been committed to and enjoying practising our assembly item that will perform this Friday afternoon, 4 June. We are very excited to perform for you and we hope you can make it!

4F, Miss Fogarty and Miss Pennell

SOUND OF THE WEEK

Nanny has a net – n, n, n & Ring on a finger – ng, ng, ng

During Week 8, we will focus on two sounds. We will be learning about the different ways the 'n' sound is made such as double 'n' in winner, a single 'n' in new, and 'kn' in knife. We will also learn about the 'ng' sound in words such as ring, wink and tongue.

TIPS FOR KIDS

Nanny has a net:

- ★ /n/ is a noisy sound, so use your voice!
- ★ You should be able to feel your nose vibrating.

Ring on a finger:

- ★ Use the back of your tongue to feel the back of your mouth tighten like a fist.
- ★ /ng/ is a noisy sound, so use your voice!
- ★ You should be able to feel your nose vibrating.
- ★ If you are saying /n/, use the back of your tongue instead of the front.

ACTIVITIES AT HOME

All the students at Nemingha have access to online activities for each sound unit. You can access them at www.soundwaveskids.com.au using your child's class code. Week 8 is Unit 18.

Zone cross country

Last Thursday, 30 Nemingha students attended the Tamworth zone cross country event.

It was a wonderful day and I was very proud to be there with our lovely children. The students all gave their best out on the course and represented our school with outstanding sportsmanship and behaviour.

Our team was very successful and we will have 10 students heading off to the regional carnival at Coolah on Thursday 10 June.

Those students are (in order of their events): Josie Murdoch (5th), Max Ryan (5th), Summar Barnett (4th), Walter Greentree (2nd), Cooper Thomas (5th), Isaac Ryan (6th), Jordi Higgins (2nd), Teo Starr (6th), Zoe Gentle (2nd), Georgie Mackenzie (5th).

Congratulations to all competitors!

Nadine Blanch, Sports Coordinator

Gold Awards

In addition to those students named in last week's Newslink, the following students will be presented with their Gold Awards at tomorrow's assembly.

NSW Public Education's Charity of Choice

Donation Drive Winner

We're sincerely thankful for your fundraising support and delighted to share that the 2021 Stewart House Donation Drive winner is a lucky student from Bathurst Public School. We are so pleased the student and his family will be able to make great use of the \$4,000 travel voucher.

As our major annual fundraising event in NSW public schools, we depend on the funds raised through the "Stewart House envelopes" to help with the \$5 million needed each year to run our unique program.

FUNDAMENTAL MOVEMENT SKILLS: MASTER THE OVERARM THROW

The overarm throw is needed in many sports, like cricket, softball and baseball, and the same action is used to serve in tennis, volleyball and passes in netball and basketball.

Key steps:

1. Eyes focused on target area throughout throw.
2. Stand side-on to the target area.
3. Throwing arm moves in a downward and backward arc.
4. Steps towards the target area with foot opposite throwing arm.
5. Hips then shoulders rotate forward.
6. Throwing arm follows through, down and across the body.

Try some of these activities/games to practice at home:

- **Targets:** Empty drink cans or plastic bottles make great target. Make different targets worth different points. Aim a tennis ball or rolled up socks at the targets and see how many throws it takes to reach 30 points.
- **Goal shooting:** buckets and empty garbage bins make great goals. Try throwing different things to score goals e.g. balls, beanbags or newspaper balls.
- **Throw for distance:** How far can you throw? Go for a personal best. Use softer objects e.g. newspaper balls or rolled up socks if indoors.
